## CONN BROTHERS

The Embroidery Club met Thursday afternoon with Mrs. Chas. Davis who was a charming hostess.

The two prisoners that were in our jail, charged with felony have been sent to the Stanford Jail, as the Fiscal Court is having new cells put in our jail.

### The Triangle.

This beautiful play, written by Miss Neva Williams, of Harrodsburg, will be given under her management, by local talent, at the Court House Friday night, April 30th. The proceeds are for the benefit of the Ladies Aid Society, of the Baptist church. In every town where this play has been given, we hear it highly spoken of, and trust a large crowd will attend.

### Card Of Thanks.

We express our sincere thanks to our many neighbors and friends who came so often with words of comfort and acts of help and kindness, during the last illness of our dear husband and father. They will be remembered through time, and we hope to meet them, with him, in Eternity.

Mrs. J. C. Robinson and Family.

### Mrs. Mary A. Lee.

On April 7, Mrs. Mary A. Lee wife of W. H. Lee passed to the great beyond. She had not been ill long, and died of rheumatism of the heart.

Mrs. Lee was born Aug. 7, 1870, in Garrard county. She became a Christian in childhood, and throughout life her conduct showed her true faith in her Master and exemplified the principles he taught. She was always kind and gentle in the home. She was a true mother and a loving faithful wife. She leaves her mother, one brother, two half brothers, two daughters and her husband to mourn her death.

May the noble influence of her life be their strength and comfort.

### Religious.

Services at the Lancaster Methodist church next Sunday morning and night, conducted by Dr. Eugene Pearce pastor. Preaching at this church by the pastor every Sunday night also in morning of each first and third Sundays of month. At Hubbs, on 2nd and 4th Sundays at 11 a. m.; No night service.

General subject for services in month of April—"Realities". Sunday morning next, under this subject, topic discussed will be "The Dissatisfaction of the Anti-Christ-Lite". Evening 7:30 p. m.—"Reality of the Christ Way".

The Record is glad to note, that the Sunday school attendance of both congregations has doubled in the past three months, both for adults and children.

The Christian Endeavorers will have a rally at Buena Vista next Sunday afternoon at 3 o'clock. Miss Georgia Dunn president of the 8th District C. E. union will preside.

### Base Ball.

A call meeting of Base Ball enthusiasts will be held at the police court room Friday night, all those interested please come, as there will be important business on hand.

### Loss From Wind.

On Monday night the roof was blown from the barn of Mr. J. N. Ross, who lives three miles from here on Stanford pike. Several glass were blown out of his residence and a considerable loss is reported.

### Washington Made Humor.

"A Chicago man named Phoebe wants his name changed," says the Allentown Call. Why don't he move to Georgia and cultivate the Crackers instead?—Washington Herald.

### Special Low Rates.

The L. & N. will sell round trip tickets from Lancaster to Louisville, on April 15, 17, 19, 22, 24, good returning to April 20, for \$2.55.

They will also sell tickets to Cincinnati and return Sunday April 18 h, for \$1.75.

### On the Value of Experience.

The learning that comes by time own observation and experience is far beyond that that comes by precept, as the knowledge of a traveler exceeds that which is got by reading.—Thomas a Kempis.

### Another Graded School.

The people in the Buckeye section inform us that a Graded School is a certainty in their community. The school district will be surveyed in a few days. This is the third Graded school in prospect in the county, and as each section is thickly populated, with wealth sufficient to maintain it, we predict great success for them.

### Holtzclaw's Sale.

Capt. Am. Bourne reports a large crowd at the sale of J. F. Holtzclaw on Wednesday, and the following prices: Cows brought from \$23 to \$28.50; calves from \$12 to \$15; sheep and lambs \$6.95 per head; mules from \$63.50 to \$115; horses from \$91 to \$150; one yearling colt \$60; Jennets from \$20 to \$62; corn from \$1.60 to \$3.64 per barrel and hay from 40 to 43 cents per hundred. The land was taken down at \$69.50.

### Will Tour the State.

The officers of the Lancaster Fair Association have appointed J. Lewis Gill and Geo. Harris, to solicit advertisements for the fair. They will tour the state in Gill's Auto, which will carry a large streamer on either side advertising the dates of Lancaster Fair July 28-30. This was a wise decision, for these two men will certainly make good. Anyone wishing an advertisement can rely on getting in "Fair Deal," as the Fair Association will not permit other kind, being in the "Fair" business.

### A Beautiful Home Wedding.

At four o'clock Wednesday afternoon, Miss Grace Kinnaird and Mr. Lewis L. Walker were united in marriage at the handsome residence of her uncle, Dr. James B. Kinnaird, on Hill Court, Rev. C. C. Brown, of the Presbyterian church, officiating in a very impressive ceremony.

The wedding march was well rendered by Miss Marguerite Kinnaird. The only attendants were J. H. Kinnaird, the bride's brother, who gave her away, and D. C. Walker, the groom's attendant.

The bride was becomingly attired in a gray gown, gloves and hat to match. She is the daughter of the late Mayor Robert Kinnaird, and one of the most popular young ladies in Lancaster, being a favorite with both young and old, and is quite a talented musician.

The groom belongs to one of the most influential families in the country and enjoys a lucrative practice in the legal profession, having also held several places of public trust.

The newly wedded pair left for a bridal trip to Nashville and other Southern cities. The many handsome presents received, showed the extreme popularity of both bride and groom.

### Evans.

Another good citizen has gone to his reward. George W. Evans died, at his home, in this city, on Tuesday afternoon, of pneumonia, being eighty-one years of age. Funeral services were conducted at the Christian church, by Eld. F. M. Tindler, at 9:30 a. m., Thursday and many relatives and friends witnessed the burial in Lancaster cemetery. He leaves one sister, Mrs. Martha Lusk, this city; a niece, Mrs. John Bowling, of Junction City; two nephews—Samuel Evans, of Orlando, Florida and Joe Evans, of Fort Worth Texas, there being other relatives in the West.

Deceased was the ninth son of a highly respectable and influential family, and, though a man who did not interfere with the affairs of others, he had lived convictions and was always found on the side of law and order, advocating the best interests of the community. He was a member of the Christian church and possessed many noble traits of character. His industry and proper conduct he had accumulated considerable property, which fact, however, did not interfere with his duties in social and commercial life.

Judging from the way he is advertising, Ed. C. Gaines, the insurance man, is writing lots of insurance. Read his enormous ad in this issue and act accordingly, and see him before taking out a policy.

### Lecture.

Dr. Irene Myers, Dean of women at Hamilton college, will lecture at the Methodist church Saturday night, Subject: "In Old Kentucky." This will be beyond the ordinary and should be well attended. She will be entertained, while here, by Mrs. R. E. McRoberts.

Mr. Charles Brady, of Washington Pa., has given the W. C. T. U. Settlement school, at Hindman, Knott county, \$1,000 on condition that they raise \$1,000. The local Union has the privilege of contributing. This school is in a fine condition and has an able corps of teachers and the various departments that add much to it, such as Kindergarten, Primary, Intermediate, High School, Industrial etc.

### Anxious To Receive Record.

Kirkville, March 31st 1909, Editor Record—

Dear Sir:—I enclose you a check for \$1.50 for which you will please renew my subscription to CENTRAL RECORD, also Courier Journal.

We think the Record is very much improved and can hardly wait for the day which brings it to us.

Respectfully,

Mrs. Malinda Cotton.

### Easter Service.

The children of the Junior Society, of the Christian church very appropriately observed their Easter service, Sunday evening, 7:30.

The messages of the Lillies, from the Lilly Buds to the full-grown lillies were well received.

Miss Burnie Lear, as Lilly Queen, with her pretty attendants made a beautiful picture.

The Sons of the Soil, with their songs and whistling melody gave variety to the program.

The difficult piece, by Mary Clay Williams, was rendered with the grace and composure, characteristic of her.

The duet by Frank Tindler and J. C. Hemphill deserves special mention, also the choros by the "Post Graduate Juniors." Misses Fannie Tindler, Sue Anna Lear, Annie Margaret Elkin and Lydia E. Moore.

About \$26 was realized, most of which was the self-denial offering from the children.

### Great Improvement in Schools.

Prospects are flattering for Garrard county to have three more graded schools. A petition will be filed in the Garrard County Court in a few days from Bryansville asking for a graded school in that place and it is almost certain that within twelve months the people of the Bryansville section will be receiving the benefits of a first class graded school. The people of Buckeye, we think will soon have one established.

At Manse school house on last Saturday about one hundred and fifty people assembled to talk over the advisability of a graded school in the neighborhood of Paint Lick. County Attorney, J. E. Robinson gave an interesting address upon the School Laws of the state. Much interest was manifested at the meeting in the proposed graded school.

As a result of the meeting a petition was filed on Monday in the County Court asking that the boundary be fixed and a vote be taken on the question. The petition calls for the school building near Old Paint Lick church on the E. C. McWhorter lot. No doubt but there will soon be a graded school in that part of the county. Let the good work continue. Garrard county should have the best possible schools and we think these moves will bring them into existence.

### Former Lancasterian Honored.

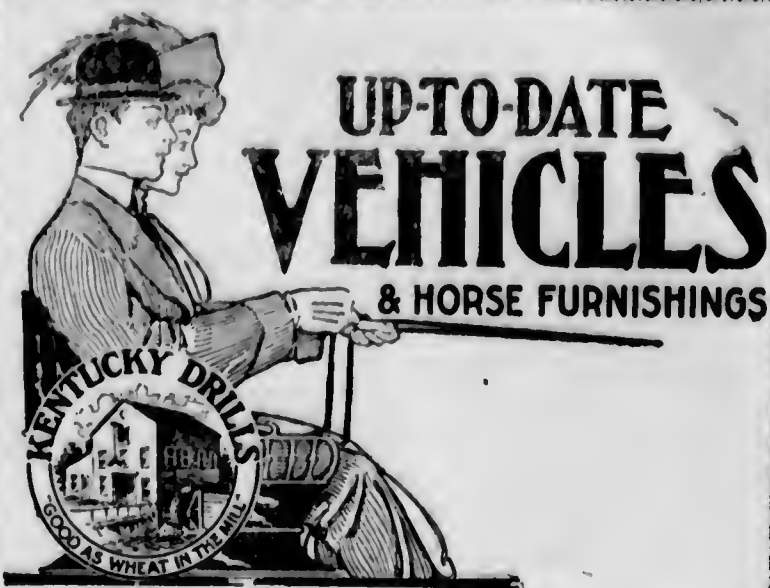

We are proud to publish the following articles taken from the Hobart Oklahoma Democrat, which will be interesting to all who know Mr. John P. Hays:

"Mr. Hays was born in Barboursville, Kentucky, and was educated in the A. & M. College at Lexington, same state, and graduated in the law department of the Vanderbilt University at Nashville, Tenn.

By appointment of Governor Haskell Mr. Hays is made one of the committee to codify the laws of Oklahoma at a salary of \$400 per month, beginning April 1 and ending December 1. The duties of this committee are to formulate, rearrange and codify the statutes of the state of Oklahoma.

In making this appointment Governor Haskell has recognized the legal capabilities of one of the most able attorneys in the State of Oklahoma and is recognized as such by the profession. Not only is he one of the brightest in his calling, but is acknowledged to be one of Hobart's progressive and public spirited citizens, whose ever readiness to advance the interests of the community is considered a paramount. Besides being well versed in the intricacies of the law, he is one of those affable and courteous gentlemen whom one is always glad to meet. His many friends congratulate him on the responsible position he is about to assume.

He has a host of friends here, who can vouch for the truth of the complimentary remarks above, and wish him much success.

## ANNOUNCEMENTS.

To the Democratic party of the 13th Judicial District: I am a candidate for the Democratic nomination for Circuit Judge of this district. I prefer a primary election.

M. C. SAUFLEY.

We are authorized to announce Hon. Chas. A. Hardin, of Harrodsburg, as a candidate for re-nomination for the office of Commonwealth Attorney for the 13th Judicial District, subject to the action of the Democratic Party.

We are authorized to announce Hon. John Sam Owens Jr. as a candidate for the nomination for circuit judge of this district, subject to the action of the Democratic Party.

The Southern Electrical and Industrial Exposition is attracting large crowds to Louisville and is proof of the enterprise and push of that growing city.

After many changes in the tariff bill, to conform to the interests of the few, who handle products mentioned in it, it passed the house and went to the Senate where many changes will also be made and, in the main, the masses will not be benefited. It is no longer a political, but a purely local issue, as many democrats ignored their platform, voted against free lumber and went astray in other instances. All sorts of trades have been made to further the interests of the classes, and free trade alone will protect the masses of the people.

The cry of confiscation, in reference to distillery property, is all bosh and shows a weak point, made by the advocates of the manufacture and sale of liquor. They forget the fact that property, used in the manufacture of liquor, is valuable and can readily be converted into other channels which will yield a better profit than it yields now, as the immense sums, spent for liquor, would be used in buying the necessities of life. The contention is a mere subterfuge.

They agree that local option is a question that the people should settle, and say, in the next breath, that prohibition is not democratic. This is a fallacy, because local option, properly enforced, prohibits the sale of liquor, and, if extended all over the country, will have the effect of prohibition, and put the plants out of business for the want of a sale for the products.

The State of Mississippi has revised its jury law by giving the State as many challenges as the defendant—12 each. Reading a newspaper does not disqualify a man from jury service. If a juror states that he can render a fair verdict notwithstanding what he has read and the court "is of the opinion" that the juror can do this that man can serve. This is an improvement on our antiquated law, which seems to have been enacted for the benefit of the criminal class.—Kentucky State Journal.

We have written before of our rotten jury service. The entire law needs repealing. If all who read newspapers are disqualified it will take some time to get a jury. Papers don't vouch for the truth of all reports, and the intelligent reader will not decide a case until he hears both sides, and is generally better prepared to hear a case than the man who does not read. Country jurors should be paid more for service than town jurors, as the use and feed of their horses while attending court, and their hotel bills cost them more than the expense incurred by the town juror. It would prevent so many hung juries. If the regular panels were summoned from a county outside the one in which each court is being held, as there would be

no prejudice to satisfy, and expenses would be curtailed.

Representative Stanley's amendment to the Payne tariff bill, taking off the 6 cent tax on leaf tobacco, was adopted by the House less than a minute before the time for voting on the bill arrived.

The two Republican Congressmen of Tennessee will recommend the appointment of Mrs. E. W. Carmack as postmistress at Columbia. They will ask the Democratic Congressmen in the State to join them in pushing her claims.

## More Honor for Lancaster.

We have frequently noted the brilliant career of young men who have left Lancaster, and now we are gratified to note the eminent literary achievement of Miss Letty Mae McRoberts, of this city, who is attending school at Lynchburg Virginia. We quote from the Herald of that city, that her numerous friends and relatives may know of her highly praiseworthy success:

"A notable feat of scholarship was the presentation on Saturday evening of the great play of Euripides, 'The Alceste' in the original Greek by the Greek Department of Randolph-Macon Woman's College. It was rendered with becoming setting, costumes, and music, all of which were produced by the students. The scenery was painted by students of the Art Department of the college. The music for the choral odes was written by Miss Lettie Mae McRoberts, the student of the Greek department who played the title role. The chorus was drilled and the play directed by the instructor of Greek, Miss Mabel Whitehead. A large and cultured audience viewed the spectacle and heard the Greek words. They were provided, however, with an English translation.

The rendition was very satisfactory. The death scene of Alceste was most impressive and pathetic, and, despite the foreign words, the play was appreciated as a play, and not merely as a remarkable feat of memory. The students clearly understood and felt what they were saying, and the strong play gripped the audience fully, and interested it from beginning to end when a great chorus of applause evinced its satisfaction.

Prof. Milton W. Humphreys, of the University of Virginia, and Professor Radford, of the University of Tennessee, were among the guests. Prof. Humphreys could not restrain his enthusiasm, declaring that never before had he seen such a presentation of a Greek play, and that he had not deemed it possible, except perhaps at Vanderbilt University, or some theological institution.

"The Alceste" is known and appreciated in the college as never before, and it is hoped that the study of the Greek will be stimulated by this worthy presentation of this masterpiece of the glorious Greeks."

## BUENA VISTA

Miss Mabelle King who spent Easter with her parents, has returned to Campbell Hagerman, accompanied by her sister who will make a short visit.

Mrs. Ike Hamilton, of Lancaster, is the guest of her son Joe Hamilton.

James Munday from near Harrodsburg spent Sunday with his brother-in-law, Lillie Rubie.

Rev. T. F. Walton, of Bradfordsville, was the guest of the family of J. W. Akins the first of the week.

He went from here to Danville to attend Presbytery.

Misses Florence Christopher and Nettie Leon have returned from a pleasant visit to Missouri.

Miss Mary Askins has returned from a weeks visit to relatives at Ambrose.

A rally of the Christian Endeavor Societies of this place and Pleasant Grove will be held at Brown's Chapel next Sunday afternoon. A large attendance is desired.

Mrs. Elizabeth Leon who has been the guest at S. N. Leon's, left last week for Texas.

Mrs. William Johnson and children, of Danville, spent Saturday and Sunday with Mr. and Mrs. John Johnson.

Mr. J. J. Poor and wife spent Sunday with their daughter Mrs. Ed Hallard near Stanford.

Miss Myrtle Rubie who is teaching a select school here entertained the children with an egg hunt, Friday afternoon. The occasion was very much enjoyed.

Miss Bernice Scott attended an Easter party Saturday afternoon, given by little Miss Thelma Kennedy at her home near Dix River.

Miss Cora Poor, brother and Mr. Brown from Lancaster spent Sunday with Miss Gertrude Curd, of Wilmore.

## No Sprinkling For Him.

The bell-boy had shown the farmer to his room and was now calling his attention to the comforts of a modern tavern. Turning on the shower-bath, the boy exclaimed: See? That's the thing that works, mister. Just the thing for you to have every morning, believe me."

"Don't get too fresh, sonny," snapped the man from Wayback, "I ain't so dum green that I have to be watered every day!"

## General News.

Another violent earthquake shock has been experienced at Messina Italy.

A factory is to be established at Cordoba, Ga., to make a practical test of manufacturing paper out of cotton stalks.

Fire at Midland, Tex., caused a loss of \$300,000 in the business section of the city. One hotel, two banks and many stores were burned.

The lower house of the Missouri General Assembly adopted the minority report recommending favorably the State-wide prohibition constitutional amendment.

May wheat again established a new high record in Chicago touching \$1.20 but closing over a cent off from this July contracts advanced to \$1.12 and \$1.12 1/2. Trading was comparatively quiet.

Dispatches to Dun's Review indicate more uniform progress in business conditions, although buying is still conservative and mainly for immediate needs.

John Smith, the negro who late Saturday afternoon attempted a criminal assault on Miss Mary E. Ewing, two miles from Arcadia, Fla., by dragging her from a buggy, was captured early Sunday morning and lynched.

For the second time in history the Niagara falls are mute. A big ice jam has clogged the river and a strong southwest wind has frozen it from bank to bank. The jam has also caused damage to the extent of \$1,000, 000 to manufacturers along its banks on account of the sudden rise of the water above the tuppage.

Charles McConaughy, former cashier of the Monticello Citizens' National Bank, was indicted in the United States Court at Covington on twelve counts, involving a total of about \$15,000. Embezzlement, misapplication of funds and falsification of entries are alleged.

Gov. Charles N. Haskell, of Oklahoma, and the six other men indicted by the Federal grand jury charged with fraud in Muskogee town lots, will not have to stand trial. The motion of the defendants to quash the indictments was upheld by Judge A. Marshall in the United States Circuit Court.

The jury in the case of James H. Parrish, the Owensboro banker, whose trial has been in progress at Hawesville for the past ten days, found him guilty of the charge of knowingly receiving deposits at his bank when it was insolvent, and fixed his punishment at five years in the penitentiary. It was the second trial of the case, the first one having resulted in a mistrial.

A pot of gold was discovered on an old abandoned lot on Colfax street in Lexington by workmen digging a post hole on the lot. They unearthed an iron kettle containing, according to a slip of paper found in the kettle, \$8,500 in gold and silver coins. The lot was purchased 2 weeks ago for \$116.

After three weeks of consideration the Payne tariff bill was passed by the House of Representatives by a vote of 217 to 161. One Republican, Austin, of Tennessee, voted against the measure and four Democrats, all from Louisiana, Messrs. Broussard, Estopinal, Pojo and Wickliffe, voted for it. An attempt by Champ Clark, the minority leader, to recommit the bill with instructions failed.

Ben, alias "Booker" Brame, a negro 18 years of age, was lynched by a mob of between 200 and 300 farmers for attempting to assault Miss Ruth Gee, 17-year-old daughter of William Gee, a prominent Trigg county farmer.

After an all night search the mob located Brame, who was carried before the Misses Gee and positively identified. The mob carried Brame to Flat Lick, near the Trigg and Christian county line, and hanged him to a tree.

The insertion of an advertisement in one of the local papers that there had been found in the collection plate of the Roscoe Methodist Episcopal church after the services last Sunday night a \$10,000 bill has developed the fact that the church officers think the donor made a mistake. The yearly collections of the church do not average more than this amount, and the church officials say they will return the money to the owner if he wants it and can prove he inadvertently dropped it in the plate.

Four large tobacco barns were burned at Mayfield Sunday morning. The loss is estimated at \$35,000, with \$27,000 insurance. The fire is said to have originated from the boiler rooms of Lewis & Gordon's rehandling house. A large association storage warehouse, filled with tobacco, was saved after a hard fight.

## OFFICIAL CALL.

The Democratic Committee in and for the Thirteenth Judicial District of Kentucky met pursuant to the call of Chairman H. L. Penny, at the office of Chenault Huguely, in Danville, Boyle County, Kentucky, on Tuesday, March 23, 1909, at 2 p. m. and all members were present. Said meeting was called to order by Chairman Penny. Chairman announced that the election of a Secretary of said Committee was in order, and Chenault Huguely was duly nominated and elected Secretary of said Committee. Mr. Huguely then introduced the following resolutions, which were unanimously adopted:

1.—A primary election is hereby called to be held in the several voting precincts of Lincoln, Boyle, Garrard and Mercer Counties, between 8 a. m. and 4 p. m., on Saturday, May 15, 1909, for the purpose of nominating Democratic candidates for the offices of Circuit Judge and Commonwealth's Attorney in and for the Thirteenth Judicial District of Kentucky, to be voted for at the regular November election, 1909.

2.—All Democrats who are legal voters shall be entitled to vote in said primary election, and are requested to do so.

3.—Any person who desires to be a candidate for the Democratic nomination for Circuit Judge or Commonwealth's Attorney shall, not later than April 30, 1909, give notice of such intention, in writing, to H. L. Penny, Chairman of the District Committee of the Thirteenth Judicial District, and, in addition, candidates for the nomination for Circuit Judge shall, at the time of giving said notice, deposit with the aforesaid chairman the sum of \$500, and candidates for the nomination for Commonwealth's Attorney shall, at the time of giving said notice, deposit with the chairman \$200.

4.—Said District Committee shall meet at the office of the secretary in Danville, Kentucky, on Wednesday, May 5, 1909 at 2 p. m., and if, at the expiration of the time fixed by section 3 hereof, there be not more than one candidate for Circuit Judge or Commonwealth's Attorney, who has complied with the conditions of Section 3, then the committee will declare to be the nominee for the office sought that person who is the only candidate, and shall refund to such candidate the entrance fee paid by him, less his proportion of the costs already accrued from advertising and preparing for the election.

5.—The polls shall be opened in each and every precinct of all the counties in the district aforesaid, in the usual and regular voting places.

6.—Upon the closing of the polls, the officers shall proceed to count the ballots and to make returns, and in so doing shall be governed by the provisions of the general election laws, and the returns shall be made to the chairman of the respective counties in the district, who will deliver the stubs, the certificates, and any questioned ballots to this Committee.

7.—The officers of election shall be selected from lists to be offered by the candidates, in accordance with the provisions of the primary election law, by the district committee.

8.—Each candidate shall be entitled to designate by written notice to the chairman of each county committee in the district, not less than five days before May 15th, 1909, the name of one person for each voting precinct in each county, to act as challenger and inspector for said candidate at said primary election.

9.—On the next day after the returns shall have been made, the committee shall meet and canvass the vote, cast and issue certificates of nomination.

10.—The chairman of the district is directed to employ a competent person to copy from the regular registration books made in Danville and Harrodsburg in 1908, the names of all Democrats, and the person so employed shall return the copies, certified as required by law, to the chairman, who shall cause them to be duly delivered to the officers of election. The chairman is further directed to cause to be printed and prepared for use the requisite number and kind of ballots, which shall bear the facsimile of his signature, and he will procure the necessary election supplies and cause them, together with the ballots, to be delivered to the officers of election, as required by law.

11.—The chairman will cause copies hereof, certified by himself and the secretary of the committee, to be posted at the court house door in Stanford, Lancaster, Danville and Harrodsburg, and in twenty other conspicuous places in each county in the district for not less than forty days prior to May 15th, 1909, and said notices shall be published in each Democratic newspaper in the District.

Said Committee, on motion, then adjourned.

G. L. Penny, Chairman.  
Chenault Huguely, Secretary.

Commissioner's Sale of Land.

GARRARD CIRCUIT COURT.

Pauline Carter & O. H. Allen as administrators of the estate of J. H. Carter vs. F. J. Hogan & Mollie Hogan. Defia.

By virtue of a judgment of the Garrard Circuit Court, rendered at its March term 1909, in the above styled action, I as Master Commissioner will on

MONDAY, APRIL 26th, 1909 between the hours of 10 a. m. and 2 p. m., in the county court day, sell to the highest bidder for cash, at the Court house door in Lancaster, Garrard county Kentucky the following described real property situated in Garrard county Kentucky and is described as follows:

On the waters of White Lick Creek on the Point Lick and Copper Creek pike it being the same land purchased by F. J. Hogan from F. H. Koehler by deed dated May 20 1903, which is of record in the Garrard county clerk's office in book 18, page 588 and bounded as follows: Beginning at a point in the middle of the Copper Creek pike corner to Mrs. Jennie Baker; thence with her line S 21 W 2 1/2 miles to a stake in the middle of a road, corner to some on Mrs. Hardin line, Hardin and now owned by W. M. Wells, thence with said road S 52 E 4 1/2 miles to a stake on the north edge of the road near a drain, thence S 44 E 2 1/2 miles to a stake on said line corner to the Green tract, owned by E. L. Koehler, thence with same S 45 W 6 1/2 miles to a stake corner to same, thence N 48 E 8 1/2 miles to a point in the middle of the above named pike; thence with pike N 54 W 30 poles, thence N 50 W 5 1/2 miles to the beginning, containing 118 acres.

The following tracts are deducted from the above boundary: Two tracts sold by A. E. Robinson, the first containing 10 acres being conveyed by said A. E. Robinson to W. M. Wells as evidenced by deed of record in Garrard county book No. 13, page 277 specially bounded as follows: In Garrard county on White Lick joining the John Hardin farm beginning at a stake in the middle of the dirt road thence the following corners and distances: N 54 W 2 1/2 miles N 25 E 5 1/2 miles S 53 E 3 1/2 miles S 30 W 5 1/2 miles to the beginning. The second now owned by W. M. Wells containing 15 acres being the same conveyed by A. E. Robinson to J. W. Robinson as evidenced by a deed of record in deed book 11, page 342 and specially described as follows: In Garrard county Ky., on the waters of White Lick, beginning at a stake corner to F. J. Hogan thence with same N 48 E 10 1/2 miles to a stake in said line a new corner, thence N 50 W 13 chains to a stake near corner, thence with said line S 34 W 15 1/2 miles to a stake in road now corner to Hardin S 54 E 22 1/2 miles to a stake in east edge of road S 44 E 5 1/2 miles to the beginning, also a lot conveyed to Level Green church by A. E. Robinson, containing not more than 1 acre. Beginning to the middle of the pike corner with Mrs. Jennie Baker and bounded as described in a deed of conveyance from A. E. Robinson to Level Green church. The above deduction leaves a tract of land containing 89 1/2 acres conveyed to F. J. Hogan by F. H. Koehler on the day and date above written.

Said sale is made for the purpose of realizing the sum of plaintiff's debt interest and cost which is approximately the sum of \$1000.00 to date of sale.

Said sale is made under the following conditions: That a set of all the defendants a homestead of about 20 acres including the dwelling and I will first sell the residence and tract of land and if this fails to bring the debt, interest and approximate cost above set out, then I will sell the whole of said tract of land including the homestead. The boundary of the homestead will be read on day of sale.

TERMS.

Said sale will be made on a credit of six and twelve months, and the purchaser will be required to execute bonds payable with good security to the Master Commissioner, for said purchase money bearing 4 per cent interest per annum from date of sale until paid, up on which execution may issue if not paid at maturity the same having the force and effect of a judgment. A lien will also be retained upon the land sold for the payment of the purchase money.

MIXING OF SOLUBLE OILS FOR SPRAYING

Solutions Which Are Less Trouble to Prepare Than Lime-Sulphur—By J. L. Phillips, Entomologist.

The lime-sulphur spray is one of our most important insecticides, and is destined to play a prominent part in the horticulture of the future. It is eminently satisfactory for use against the San Jose scale and some other insects; and a number of fungous diseases, such as peach leaf curl, and peach blight. It also adds in a general way to clearing up and improving the condition of the trees. Its good points are sufficient to outweigh any objections to its use for the above purposes, except in special cases. Every one is familiar with the fact that oil does not readily mix with water. There are processes, however, by which an emulsion may be made with the oil, and this emulsion will mix with water at almost any desired strength. Some patented brands of emulsions have been on the market several years, and have gained wide publicity as substitutes for lime-sulphur. One of the main objections to these prepared oils is their cost. Prof.

Kettle for Preparing Lime-Sulphur—Also Sifted for Preparing Soluble Oils.

Penny of the Delaware experiment station, published recently a method of preparing the oils for spraying purposes, the products of which he termed "House-made Mischable Oils." These preparations appeared to be so promising that we undertook, during the spring of 1909, to test some of his formulae. They are less trouble to prepare than lime-sulphur, though the method is a little more complicated from the fact that more materials enter into their preparation. By carefully following directions, however, no trouble should be experienced. The cost is a little greater than that of lime-sulphur.

There are three distinct processes in the preparation of the house-made soluble oils:

- 1st. Making the "soap solution."
- 2d. Adding the required amount of oil and water to make the soluble oil.
- 3d. Diluting the soluble oil with water to make the emulsion ready for applying to the trees.

Formula for the Soap Solution.

Meibaden oil ..... 5 Gallons  
Carbolic acid (liquid, trade name color, 100 per cent pure) ..... 4  
Caustic potash ..... 4  
Heat to 290 or 300 degrees Fahrenheit, and add the following quantities of kerosene (refined) and water, while it is still hot:

Kerosene ..... 7  
Water ..... 1  
This will cost about 17 to 21 cents per gallon.

Do not forget that this mixture is highly inflammable while hot, and that disagreeable odors are given off from it. For these reasons it is well to conduct the operations out of doors, or under an open shed roof. Heat does not readily escape from a mixture of this consistency, and very little heat is required to raise the temperature to the proper point. About three-quarters of an hour is sufficient to make up one lot.

The Meibaden oil, carbolic acid and caustic potash should be put into the kettle before it gets hot. The mixture should then be stirred for a short time, to prevent the potash from caking to the bottom of the kettle, after which the kettle should be covered. The kettle should not be more than half full, for when foaming begins, at about 260 degrees, it may overflow. Keep the fire well under control, and raise the temperature gradually from this point even reducing the fire, if necessary, to prevent a rapid rise in temperature. At 290 to 300 degrees, either remove the material quickly, and put into a barrel before adding the oil and water, or throw earth on the fire to almost extinguish it. The oil must be added while the mixture is hot, but should then be allowed to cool down to about 312 degrees before the water is added, to prevent any slight explosion that

might be caused by the rapidly rising steam.

The whole should then be stirred, so to mix it thoroughly, after which it should form a somewhatropy soap mixture, that does not separate or deteriorate upon standing. It will evaporate to some extent, if left open, hence a cover should be placed over the barrel. A sample, left open in a warm room in a 500 c. c. graduate, lost about 15 per cent. of its bulk in a month's time.

No heat is required after the soap solution is prepared. It may be mixed with the oils even at a freezing temperature, but mixes better when moderately warm, and much less stirring is then necessary to bring the mass to a good soluble oil. The oils should be kept in a moderately warm room in cold weather, so they will mix better.

The formulae we have tested are given below. It will be necessary to reduce the quantities by one-third or

## PREACHERSVILLE.

Mrs. Henry Blankenship is dangerously ill.

Mrs. Thomas Naylor is with St. Louis relatives.

Mr. Mount Blankenship, wife and little son visited the homefolks last Sunday.

Mr. J. T. Hingaman, of Stanford was here last week on business.

Miss Katie Payne is with relatives here after a pleasant visit to Mrs. Josh Daniels, of Garrard.

Mr. and Mrs. J. Williams visited their old home in Garrard last week.

J. D. Horton has just returned from a two weeks stay at Martinsville, Ind.

Miss Vina Ross, of Garrard, is the attractive guest of her sister, Mrs. Fadu Parks.

Messrs. Richard and Penn. Williams visited their sister, Mrs. Henderson, at Palut Dick.

William Akers and family, of Lexington, have arrived and are domiciled in the former residence of J. L. Kennedy.

Mrs. J. H. Thompson drew the fine gold watch given away by Menefee Elmore & Son.

We are informed that Mr. and Mrs. A. J. Thompson and family are very highly pleased with their fine Hovey county home, which they recently purchased. Our community will miss this family without doubt. Mr. Thompson came to this county some 20 years ago and was one of our most substantial citizens, a good business man and a fine neighbor. The Misses Thompson were very popular with our young people and Miss Ella Thompson had been organist at the Baptist church for some time. Truly our loss is Boyle's gain. We wish them well in their new home.

## One Left.

"Santa Claus brought me a little baby sister for Christmas," confides the small girl from next door. "He did? That was fine!" answers the neighbor. "Yes, an' it's th' only present an' Freddie got that papa has not broken already winder! It up an' showin' us how it runs."—Judge.

Prof. H. A. Howell, of Havana, Cuba, Recommends Chamberlain's Cough Remedy.

As long as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now," writes Prof. H. A. Howell, of Howell's American School, Havana Cuba. "On the night of February 31 our baby was taken sick with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only saved the life of our dear little boy." For sale by F. P. Frisbie. Im.

## CONSCIENTIOUS BILL.

"Bill had charge of the animal tent," said the old circus man, "and among his pets was a leopard, the only one we had with the show, and quite enough, too. This leopard gave Bill more trouble than all the rest of the menagerie put together. It was certainly an ugly brute."

"Well, one day when we were showing in Dayton, O., I had gone on to Columbus to arrange some advance business. I was eating my dinner in the hotel when a telegram was handed to me. It was from Bill, and read: 'The leopard has escaped. Browsing about town. What shall I do?'"

"That was just like Bill. He had to have explicit directions, even to an emergency like this. He didn't want to make a mistake. 'I immediately wired back to Bill: 'Shoot him on the spot.' I didn't think any more about it until a couple of hours later, when I received another telegram from conscientious, careful Bill, asking: 'Which spot?'"—New York Herald.

## Her Grounds Fears.

"Clara (with emotion)—George, are you sure you will always love me?" George (fervently)—"While life lasts, my own."

Clara (suppressing a tear)—"George, if trials and tribulations should come—"

George (amazed)—"My heart is yours alone, my love, and always will be."

Clara (sobbing)—"George, are you sure, perfectly sure, that nothing—"

nothing at all—could cool your ardor?"

George (thoroughly alarmed)—"My gracious! What's happened? Has your father failed?"

Clara (hysterically)—"Worse! Far worse!"

George (much relieved)—"Tell me all, my angel; I can bear it."

Clara (with a heroic effort)—"George, I've got a—a bull coming—coming on my nose!"—New York Weekly.

## Opportunity.

The automobilist had run over a cat and was settling with the farmer, who happened to have a shotgun. "But look here," he protested, "ask me to give you \$35 for killing a common scrub cat is outrageous! It's extortion! I'm willing to leave it to any fair minded—"

"You'll leave it to me, mister," interrupted the farmer. "Thirty-five dollars ain't none too much. I was going to haul that cat to the butcher's next week. I'm charged you real prices for it!"—Chicago Tribune.

## BUSINESS FARMING.

Use System in the Work and It Will Pay.

I have been a farmer long enough to learn the cause of so many sons and daughters and well-meaning, reliable farm hands leaving the beautiful farm and country and going to the city. A lack of order and system on the farm and too long hours for a day is what is driving the best minds from the farm to the city and shop. I declare a writer in Farmers' Review. What can we expect of a hand, or the farmer's wife and her posterity, in the way of intellectual development, when they get out of their beds at 3:30 in the morning and work from that time until 8 or 9 p. m.? And no attention paid to the sanitary conditions of the home, and necessary conveniences on the farm for doing the farm work with the least labor and time.

Give me the educated farmer as a boss and the educated farm hand as a hand. When I come in contact with a hand or farmer that studies his business I find him advancing, and it is a pleasure to work for such men.

The majority of the farmers are eight-hour men, that is, eight hours in the forenoon and eight in the afternoon. Eight or ten hours on the farm cannot well be adapted in all cases, but it need not be from 4 to 16 hours. If the family arise every morning at five o'clock and the wife and daughters attend to the household duties, and the farm hands and sons attend to the chores and go to the field at seven o'clock and work until 11 or 11:30, and go to the field again at one and keep at it until six o'clock, and go to the house and eat the supper and then do the evening chores, they have done a farm day's work. Regular hours for work and regular hours for sleep and regular hours for rest and recreation with plenty of standard papers and books, including the best agricultural papers and books, and a full faith in God, and good grub is wanted.

The family should rise at five o'clock on Sunday morning as well as on week days, and do the necessary Sunday morning chores, and then go to church and show the business man in the city that Sunday on the farm does not consist in changing the stock from one field to another, or salting it, or unloading a load of hay that was brought in on Saturday evening.

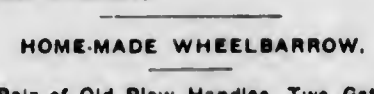

Coming to the meals at the meal hour makes it easy on the wife so she can arrange her household duties in order, as can also the husband his farm work.

Men of worth and standing in the shop and city tell me that if order and system were used on the farm they would go back to the farm. If the farmer wants to keep his sons and daughters on the farm he must not lengthen the hours for a day's work at both ends. Limit the hours of work on the farm to 12 or 13 with pay for overtime, and freedom to the hired man on Sunday.

## HOME-MADE WHEELBARROW.

Pair of Old Plow Handles, Two Gate Hinges and Old Wheel Needed.

The construction of this barrow is very simple. Get a pair of old plow handles, two gate hinges about one foot long, and a wheel, which may be

found at the junk dealer's. The legs of this barrow are those of an old chair, braced with a piece of iron, says the Farm and Home. These articles in themselves are worthless, but in their combination we create something very useful.

**FARM PICK UPS.**

One of the most important considerations of the farmer should be the water supply, both for the household and the animals.

If we all would eat more fruit and less meat we would be better off. Fruit juices aid digestion, promote healthy circulation and clear the mind.

Pears and apples will keep better and retain more of their plumpness and flavor if wrapped separately in tissue paper and stored in a cool place.

The value of the estimated American cut of lumber, lath and shingles for 1907 is \$750,000,000. In the same year the value of the corn crop was \$1,336,901,000 and of the wheat crop \$554,437,000.

Oil will spoil the squeal of the wheel.

Is there any practical way of cleaning wild onions out of a pasture except by plowing and clean cultivation? Small seeds require finer soil than large seeds.

**Farming for Money.**

Years ago we farmed to live, but now we farm to make money. Money predominates over health and comfort. This is why fruit is so neglected, which the All-Wise Creator gave man before he gave him bread and meat.

"I'd Rather Die Doctor, than to have my feet cut off," said M. L. Hingham, of Princeville, Ill. "but you'll die from gangrene (which had eaten away eight toes) if you don't," said all doctors. Instead—he used Bucklen's Arnica Salve till he fully cured. His cures of Eczema, Fever Sores, Bolls, Burns and Itches astounded the world. 25c at R. E. McRoberts. Im

## Government Whitewash.

Nice, unslacked lime, one-half bushel; slack with boiling water poured over the lime, and keep covered during the process to keep in the steam. When slacked, strain the liquid lime through a fine sieve or suitable strainer, and add to the strained portion one peck of salt previously well dissolved in water. Boil three pounds of rice to a thin paste, and still, boiling hot, into the lime solution; add half a pound of Spanish whiting; have one pound of clean, nice glue previously dissolved by soaking well and hanging it over a slow fire in a small kettle immersed in a large one filled with water which should be kept boiling until the glue is thoroughly melted, then stir the hot glue into the lime solution, with five gallons of boiling water, stirring it well and let stand, covered to keep out dirt, for a few days. This whitewash must be applied to any surface hot, and it can be used as an oil paint on brick or stone, as well as on wood. Coloring matter, dissolved in whiskey or alcohol, may be used to make it any desired shade that can be used with lime—green can not, as lime destroys its color, while in turn, the color ruins the whitewash, causing it to crack and peel. It can be used indoors or out, and is claimed to be very durable. For larger quantities, the above proportions must be used throughout. This is the recipe given used on the East end of the White House in Washington.

For ordinary lime whitewash, used for sweetening and disinfecting outhouses, walks and cellars and outhouses, the plain slacked lime solution is effective but it will peel off, rub off, and turn yellow, and should be renewed often for sanitary reasons.

## Work of Women Inventors.

Women are said to have been issued more than 6,000 patents by the United States office. They are not all domestic by any means, either, as some of them are for car couplers, night signaling life rafts, car wheels, machines for manufacturing ozone and a type writer for the blind. A pocket sewing machine and a sack that will go up without sticking are other inventions by women.

## Unusually as a Cure for Croup.

"Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequalled as a cure for croup," says Harry Wilson, of Waynetown, Ind. Dolls of Korean Children.

Korean children make their own dolls from bamboo and a dried glass men like cornstalk, which serves for hair. The faces are mere daubs of white and the rest is left to the child's imagination, which doubtless clothes the doll with all the desired attributes of the most finished French beauty.—Hobokenian Magazine.

Mrs. James B. Kinnaird, hostess.

One of the most noted events of the week, was the reception given by Mrs. J. B. Kinnaird in honor of the bride-elect, Miss Grace Kinnaird, on Tuesday afternoon.

The house was tastefully decorated, the rooms in white and green and the reception hall with American Beauty roses and potted plants.

Mrs. Kinnaird and Miss Kinnaird received the guests, the former wearing a beautiful champagne silk trimmed with net, and the prospective bride, a handsome gown of mesaline silk trimmed with point lace, children and buttons.

In the library a book was prepared for the good wishes of the many friends of Miss Kinnaird.

The dining room was a beautiful scene, with many white carnations and ferns, and the mellow light of candles under green and white shades. The dainty refreshments also bore the same color scheme.

Music was furnished during the afternoon by Miss Helen Gill. Others who assisted in the entertainment were Mesdames H. D. Herndon, J. W. Elmore, Emma Higginsbotham and W. R. Cook.

Miss Kinnaird has been the recipient of many handsome bridal gifts which show the high esteem in which she and the groom to be, are held by their many friends.

The Record would like to add to the wish book, that success and happiness will follow Miss Kinnaird and the man of her choice through life.

Warmth and Illumination Needed.

A philosophy without heart and a faith without intellect are abstractions from the true life and being of knowledge and faith. Asthma Vanishes

See Does Catarrh, Croup, Hay Fever and Bronchitis.

Hyomel is a confidence creator. The first time you breathe in this powerful yet soothing, antiseptic air, you will know that it has marvelous curative virtues. There is nothing disagreeable about Hyomel. It is a very pleasant and prompt remedy for catarrh, colds, asthma, croup, bronchitis, etc.

If your head is so stuffed with mucus that you cannot breathe a particle of air through your nostrils, Hyomel will open them up and give relief in five minutes.

Why will sensible people suffer longer, why will they wheeze and hawk and spit and sneeze, when R. E. McRoberts will guarantee Hyomel to cure or money back. \$1.00 is all R. E. McRoberts asks for a complete outfit.

"I have used Hyomel for hay fever, and can pronounce it the best relief for this trouble that I ever tried or heard of. I have had this malady for years, and have doctored and used many remedies, but Hyomel is far ahead of any of the others, and has my hearty endorsement."—Mrs. M. S. Martin, Cassopolis, Mich.

### GILES.

Farmers are making great preparations for planting corn this week.

Willie Gill bought some corn from Wesley Simpson for \$3.50 per bbl.

James Sherrow sold James Gahart a nice milk cow and calf for \$40.

Mr. Wm. Stotts bought some hemp seed from Tait Mary for \$4 per bushel.

Mrs. Raymond McCulley is very sick at this writing.

Mrs. Ed Chandler who has been very sick is reported some better.

Mrs. Tom Floyd has been very sick for sometime but is now improving and we hope will soon be all right.

It is amazing how some folks can live fifty years and learn so little. No wonder it takes so many centuries to civilize the heathen.

Miss Laura Warren, one of Madison's charming young ladies, and Linzie Warner, drove to Richmond last Thursday where they were united in marriage returning home late in the afternoon. Their many friends wish them great happiness.

## NABOTH, JR.

Naboth Jr. is a rich red bay, 8 years old and full 16 hands high, weighs 1200 pounds and is a horse of wonderful beauty, having a long, rangy neck and carrying a fine tail. He is a perfect gelded horse with superb all round action and like all sons of old Naboth he has great natural speed in harness and a greater racking horse can not be found in the State of Kentucky. I have been a dealer in fancy horses for ten years, furnishing them for all the markets in this country and I am anxious to encourage the breeders of horses in Kentucky to raise better ones. As is generally known there is a scarcity of good horses, and those suitable for the Western market are selling for high prices. If the breeders would raise "Number one" horses they must take the mares in the right kind of sires. Naboth, Jr., beyond all doubt, is a horse that will produce that type of horses that the market demands, and for which the public is willing to pay high prices. I purchased this great young stallion at a fancy price because he has size, style, action, beauty and breeding. I had this horse worked 30 days and he stepped a mile in 2:40. If he begins like you can get the right kind of horses by breeding to Naboth, Jr. You will note that this stallion has the blood of Old Naboth, Hambletonian 10, Old Messenger Chief, Red Wilkes, George Wilkes, Manbrino Chief, Pilot Jr and Harry Clay.

## PEDIGREE.

By Naboth, 1896 1:19 1/4, by Walsingham, 1898, sire of Latitude 3:19 1/4 and several others in the list. Walsingham by George Wilkes. Old Naboth's first dam, Thelma by Messenger Harrold 100, son of Hambletonian. Second dam, Bess, sister to James Howell, Jr by Hambletonian. Third dam, Jessie Sayre by Harry Clay 45. Fourth dam, by Liberty, son of Lane, by American Eclipse. Naboth, Jr's first dam by Messenger Chief, Jr by Old Messenger Chief. Second dam by Crit Davis, by Red Wilkes, Thelma dam Thoroughbred. Naboth, Jr will be kept during the season of 1929 at my stable in Lancaster, Ky, and will be permitted to serve mares at the very low price of \$5.00 to insure a living colt. I am prepared to care for stock from a distance at reasonable prices but no responsibility assumed for accidents or escapes of stock committed to my care.

NOTE: Naboth, Jr., is the sire of the colt that won the \$100 champion colt stake, also the sire of the winner of the yearling stake, at the Lancaster Fair 1928.

Above is a fair likeness of Naboth, Jr. Owned by W. B. Burton, Lancaster, Ky.

The following are the dates fixed for holding the Kentucky Fairs for 1929 as far as reported. Officers of fairs are requested to report to us any omissions or correction of dates:

LANCASTER, JULY 28-3 DAYS  
Stanford, July 21-3 days.  
Henderson, July 27-5 days.  
Georgetown, July 27-5 days.  
Madisonville, August 3-5 days.  
Winchester, August 3-4 days.  
Blue Grass Fair, Lexington, August 9-6 days.

Taylorsville, August 10-4 days.  
Uniontown, August 10-5 days.  
Harrodsburg, August 11-4 days.  
Leitchfield, August 17-4 days.  
Barboursville, August 18-3 days.  
Brookfield, August 18-3 days.  
Shepherdsville, August 18-3 days.  
Ewing, August 19-3 days.  
Shelbyville, August 24-5 days.  
London, August 24-4 days.  
Florence, August 25-4 days.  
Frankfort, August 31-4 days.  
Hardinsburg, August 31-3 days.  
Tompkinsville, September 1-5 days.  
Fern Creek, September 1-5 days.  
Bardonia, September 1-4 days.  
Hodenville, September 7-3 days.  
Monticello, September 7-4 days.

Scottsville, September 16-3 days.  
Bedford, October 1-2 days.

F. T. Parkes, of Preachersville, will castrate your colts, on short notice. 4246.

The Spring race meeting of the Latonia Jockey Club will be held May 25th, continuing 30 days.

The banks of Maysville paid out \$450,000 of Equity tobacco money to the growers of Mason county last week.

It is generally believed that the late cold snap destroyed nearly all the peaches but we hope to have plenty of apples.

Keep the poultry house clean and neat and your efforts will be amply rewarded by the egg basket and kind words from your friends.

A choked cow may be relieved by tying a stick in her mouth to hold it open for a while. Her effort to dislodge it will start the obstruction in the throat.

G. B. Swinebroad and T. B. Walker attended the Jersey Sale, at Nicholasville, Saturday. They report the sale of a number of cows at from \$50 to \$107.

Chicks will not thrive in damp and wet and ill ventilated coops, and it is worse than useless to try to succeed with them under such unfavorable conditions.

Wheat is selling at \$1.00 per bushel, to be delivered as soon as threshed. This likely results from the fact that reports indicate a falling off of about 10 per cent from last years crop.

Monday, May 3rd, will be "Derby Day" at the Louisville Jockey Club grounds. A large number of horses are already quartered at Churchill Downs getting ready for the Spring meeting.

Every farmer who has a flock of sheep should have a patch of rape. It is little trouble and on good ground will make a luxuriant growth and will furnish an excellent forage for your sheep till late fall or early winter.

The Herbert Stock Farm near Franklin, Tenn., has sold to President Taft and Secretary of War Dickinson the famous saddle horse, McDonald Prince. The price paid is said to have been a fancy one.

A. T. Traylor will have Stonewall Jackson Jr. at Sweeney's stable on 20, court day, and will answer any questions in regard to breeding barren mares, he having met with great success along that line.

Hemp seed is very scarce, especially new seed. Considerable old seed grown in 1907 is yet on the market and is represented as being 75 per cent good, and selling at \$4.50 per bushels, and new seed would bring \$5.50 to \$6 per bushel.—Kentucky Advocate.

## Farm and Stock.

## KENTUCKY FAIR DATES.

A car load of hogs sold at the Cincinnati Stock Yards Friday at the highest price in seven years. The car load of "selected shippers" averaged 208 pounds each, and brought \$7.45 per 100 pounds. This made each hog sell for \$22.20. The highest previous record was made in September 1922.

The department of agriculture recommends the following remedy for hog cholera: Wood charcoal, 1 pound, sulphur, 1 pound; sodium chloride, 2 pounds; sodium hypophosphite, 2 pounds; sodium sulphate, 1 pound; antimony sulphate, 1 pound. Pulverize and mix thoroughly and give one large tablespoonful for each 200 lb. weight of hogs once a day.—A. S. F. News.

The boar is the biggest part of the herd. If a sow averages seven pigs at a litter and the boar exerts as much influence over each pig as the sow does that means that the breeding of the boar is seven times more important than the breeding of any one sow. If the herd contains ten sows and one boar, the boar's importance is increased to seventy to one. This accounts for the fact that you can get along very nicely with common sows if you have a pure bred boar.—Farmers Home Journal.

Pedro S. Estella, claimed to be the champion bullter Jersey cow of the world, is dead at the Missouri Agricultural College farm at Columbia.

In twelve months she produced 712 pounds of butter, fully 100 pounds more than her nearest competitor. Estella was in good health, but stumbled into a ditch and was unable to get out. When aid reached her she was too far gone to recover.

The university statistician figured that the income from Estella for one year would have kept an average student in the University of Missouri for a like term.—Farmers Home Journal.

## For Tact and Judgment.

It does not kill the initiative or independent spirit to resolve to hold your tongue, nor is it hypocritical to be suave and polite. The hardest person to get along with is the one who runs by first principle and speaks his mind. Half the time his principle is a matter of opinion.

## Comfort for the Bereaved.

Mrs. O'Toole—"She's takin' on awful. Her husband got three years— but he kin git 12 months off for good behavior." Mrs. Dooley—"Tell her to rest easy. Sure an' he may not be have himself."—Life.

## Words To Freeze The Soul.

"Your son has Consumption. His case is hopeless." These appalling words were spoken to Geo. E. Rebins, a leading merchant of Springfield, N. C., by two expert doctors—one a lung specialist. Then was shown the wonderful power of Dr. Kling's New Discovery. "After three weeks use," writes Mr. Rebins, "he was as well as ever. I would not take all the money in the world for what it did for my boy." Infinitesimal for Coughs and Colds, it's the safest, surest cure of desperate Lung diseases on earth. 50c and \$1.00 at R. E. ## VERDICT

1621.

Will make season of 1929 at my place, 1 1/2 miles from Lancaster on Poor House Pike.

Verdict is a dark chestnut, 10 1/2 hands, coming 3-year-old, with as much natural style and action as any stallion living. As fine as any mare or gelding you will see, combining all the qualities as to looks, breeding, style and action that no to make a great sire and a first-class producer. If the law of nature reveals itself—"that like begets like"—then you have an ideal stock horse in Verdict. I claim that Verdict carries more of the blood of Old Pearlina and Washington Denmark than any horse living, as his breeding will show.

Verdict's career as show horse has rarely been equaled, winning as a 2-year-old and as a 3-year-old straight through the Fair Circuit without a break, closing his 3-year-old campaign at the Louisville Horse show by winning two first ties in his class and winning second in his class for stallions any age, thus going against the pick of the aged stallions from Kentucky, Tennessee and Missouri. In a string of fifteen horses, Verdict's show career was cut short in 1922 by sickness, only showing at Richmond and Lexington where he won first premiums in aged stallion class.

In 1924 Verdict had fully recovered from his illness, and after making a heavy season he showed first at Kirtlandville, where he won the \$200 stake for best stallion, mare or gelding, also first for best aged stallion. His second show was at Lexington, where he won first, then to Harrodsburg, where he won first in aged stallions, first in keepers, (in entries) first in combined ring and first in model ring at this fair. Verdict met with an unfortunate accident which kept him from going to the Louisville Horse Show, for which he was being specially prepared under the able supervision of Mat S. Cohen.

## Pedigree.

Verdict 1621, sired by Cero Gordo 1022; by Black Skiffrel 88; by Black Eagle 74; by King Williams 67; by Washington Denmark 64. Verdict's dam, Jay Bird 1014; by Pearlina 85; 3d dam by Young Hammond; he by Hammond Denmark 62; by Washington Denmark 61.

Cero Gordo's dam, Miss Hammond 56; by King Richard; he by Pearlina 85. King Richard's dam, Thelma (Thor); by Imported Photo. Miss Richmond's dam, Jenny Lynn 261; by Stonewall Jackson 72; by Washington Denmark 64.

You will see that Verdict traces three times to Pearlina 85 (Old Pearlina) and three times to Washington Denmark, thus combining the blood of two of the greatest show horses that ever lived.

## TERMS

Verdict will be allowed to serve mares at

**\$25 To Insure a Living Colt**

In which event a Lien is retained on the colt for the service fee. Care taken to prevent accidents, but not responsible should a loss occur.

Where Fortune Topples.

The demand for employment by educated women is greater proportionately in England than in any other country. Nowhere in the world is the dilemma of a woman accustomed to luxury and suddenly thrown on her own resources so distressing as in England.

Drawing the Line.

"I don't mind listening to a man who is paying for my dinner tell me the story of his life," said the woman. "Men's lives are generally interesting, but I won't stand to hear a woman tell everything she knows, even if she does pay for my dinner. I'd rather pay for my own dinner and get an occasional sly at the conversation."

An Old Prayer.

The four-line prayer generally taught to children, "Now I lay me down to sleep," etc., appeared first in the old "New England Primer." This book appeared as early as 1691. In that year the second edition was advertised by Benjamin Harris of Boston. The oldest copy known to be in existence is dated 1737. In the early editions the word "take" was inserted before the word "my."

## Vegetables On An Acre

The Kansas City Star says a good farmer can raise on one acre of land any one of the following:

One acre of onions, 445 to 600 bushels.

One acre of tomatoes, 300 to 400 bushels.

One acre of sweet potatoes, 500 to 600 bushels.

One acre of beets, 300 to 400 bushels.

One acre of carrots, 300 to 400 bushels.

One acre of cabbage, 8,000 heads.

One acre of potatoes, 100 to 300 bushels.

Here are actual results, each item referring to the product of an acre where the grower was a specialist:

Asparagus, 300 bunches, 20 cents a bunch; \$60.00.

Cauliflower, 100 to 300 pounds; \$45.00.

Onions, 600 bushels, 75c, \$45.00.

Cabbage seed, 1,000 pounds, 40c a pound; \$40.00.

Potatoes, 175 bushels; low estimate, \$175.

Cabbage, 7,000; \$60.00.

To be a successful trucker you must keep in mind these things:

Produce sufficiently to supply the family to begin.

Continuous succession of crops.

Ease and cheapness of cultivation.

Maintain and increase the land's production year after year.

Leads at First Sight.

It is interesting, and sometimes amusing, to trace the origin of words. There is the word "pecuniary," for example, which, you know, means relating to money. Strange to say, its original meaning was "cattle." It seems that even were the medium of exchange between the ancient Romans, ox being the unit of value. The first Roman coins bore the image of an ox, and the word "pecus" meant an ox or a coin, according to how you used it.

## REX ARBUCKLE 1467.

Great Combined Stallion.

Will make the season of 1929 at J. N. Denny farm, 4 1/2 miles from Lancaster, on Richmond Pike at \$25. for a Living Foal.

DENNY BROTHERS, Lancaster

## Stonewall Jackson Jr.

This fine black saddle stallion was sired by the great saddle breeding stallion, Old Stonewall. This colt's dam was a Denmark mare. He is a nice colt. He has colts to prove his good breeding. Will stand at \$5 to insure on till weaning time. We hold a lien on all colts until paid for. Barren mares made stand by the Impregnator. We have perfect success in this breeding.

## Billy Breckinridge.

This fine black Jack was sired by Major John B. Harris Imported Jack. He will make the season of 1929 at my farm at \$5 to insure a colt until weaning time. His get of 1928 is now on my farm to show for his good breeding. He is a nice foal sired.

A. T. THAYLOR & SONS, Pleasant Hill Breeding Farm, Stanford, D. C. No. 4-1928

## BOLTACRAT 47417.

He will make the season of 1929 at our Stable on Herring avenue at
